

Dear children,

I have heard that the Evil Pea has been doing bad things to all of my vegetable friends again. Unfortunately, I am in a different country at the moment so I cannot help my friends. Please could you help?

If you make your own Supertato, then my friends will know you are helping me and not the Evil Pea.

I will be home at the end of the day, so please let me know how you get on.

Love,

Supertato
