

Autumn

Autumn arrives
and summer drifts away.
The warmth of the sun is hidden
and replaced with a carpet
of vibrant, jewel-coloured leaves.

Autumn arrives
and animals find shelter.
Hedgehogs and dormice curl into nests,
ready for their long winter's sleep.
Waking only when life returns with the spring.

Autumn arrives
and people scurry indoors.
Welcomed by the aroma of sweet hot chocolate
and comforting stews.
Enjoying time with family in front
of a cosy fire.

Autumn provides
a basket of plenty:
rosy-red apples, juicy blackberries
and plump pumpkins ready for harvest.
As we share the joy we have received,
we celebrate the harmony that harvest brings.

Harvest

Helping poor, hopeless, hungry people in need of food.

Autumn, warmth, season, safety and giving.

Raising hands celebrating in cheer to help others.

Various divine, delicious range of fruit and veg.

Everyone comes together to give.

Sparks in their hearts from love and appreciation.

Time out of your day to help someone less fortunate.

Dear God,
please help the poor people that don't have enough money to buy food for themselves. Help us to share and give away any food which we don't need but other people do need. Please help us not to take too much for ourselves. Even a smile will help the people on the street. Help them to find food or get food for themselves.
Amen
