

Year 3 – Spring 1 Topic Homework Menu

Here are some ideas for fun activities which you could do at home to support and deepen your child's interest in our wonderful topics.

These are all optional and please don't try to fit them all in! One or two is plenty.

If you do complete a task then please send in work or photos, via google classroom, for us to celebrate in class and sometimes during celebration assemblies.

**History**

Make a model of the Ancient Egyptian Pyramids. You could make them of sugar cubes, lego cardboard or even sand. What can you find about the pyramids?

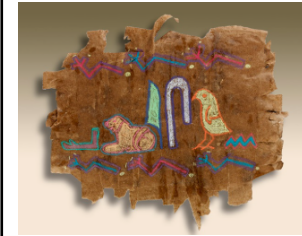

**History**

Create a model of the Nile River. Why was the River Nile so important to the Ancient Egyptians?

**History**

Make a papyrus scroll. You can get some brown paper or stain paper using tea to make it look stained. Then use the hieroglyphic chart on google classroom to draw Egyptian symbols or write a message. Then roll it up like a scroll.

**Science**

Create a magnetic maze. Draw and decorate a maze on cardboard. Place a metal object such as a paperclip on the cardboard. Use a magnet underneath the cardboard to guide the object through the maze. You could use a paper plate!

**Science**

Design and test a parachute to explore air resistance. Cut a large square from a plastic bag or tissue paper. Attach strings to the corners and tie them to a small weight or object. Drop the parachute and see how it falls.

**Science**

Find an Egyptian flatbread recipe and make it. I have included one on Google Classroom.

**R.E**

This year, it is the Jubilee Year of Hope in the Catholic Church. We celebrate the Jubilee Year as Pilgrims of Hope - Pope Francis has asked us to celebrate this Jubilee year with deep faith, lively hope, and active charity. You could write a prayer of hope.

**R.E**

Following this theme, create a piece of artwork that shows hope.
