

Understanding English, communication and languages:

Traditional Tales

We will be reading the story of Little Red Riding Hood ready to create our own tales.

We will also explore rhyming poetry.

Scientific and technological understanding:

We will learn to . . .

- distinguish between an object and the material from which it is made
- identify and name a variety of everyday materials, including wood, plastic, glass, metal, water, and rock
- describe the simple physical properties of a variety of everyday materials
- compare and group together a variety of everyday materials on the basis of their simple physical properties

RE:

Galilee to Jerusalem:

We will share stories from the Bible to explore the people who encountered Jesus.

We will explore Jesus' mission and how Christians are called to tell people about God's love.

We will reflect on what we can learn from Jesus' actions.

Computing

We will learn . . .

What an algorithm is and how to debug one when there are errors.

We will learn to write our own algorithm and decompose our designs into small steps.

You're Great Britain!

Rowan Class

Spring 1

Understanding physical development, health and wellbeing:

RSE: Created to Love Others, explores the individual's relationship with others. Building on the understanding that we have been created out of love and for love, this module explores how we take this calling into our family, friendships and relationships, and teaches strategies for developing healthy relationships and keeping safe.

P.E. every Monday and Tuesday

Mathematical understanding:

Numbers to 20

We will build on children's work on numbers to 10 in extending their ability to count, compare and order numbers to 20.

We will learn how numbers can be split apart into bonds, and how to represent numbers using manipulatives, as well as on number lines and number tracks. We will get a greater understanding of addition and subtraction as the inverse of one another.

Historical, geographical and social understanding:

You're Great Britain, what makes Britain great? We will look at a contrasting UK locality. Children learn the four countries and capital cities of the UK and the surrounding seas. They look at physical and human features of cities, towns and countryside

Understanding the arts:

DT

We will develop our skills in construction to design and make a windmill.

Music

- Play tuned & untuned instruments musically.
- Compose simple performance pieces.
