

Understanding English, communication and languages:

We will learn to write a twist on a traditional tale. We will learn how to structure a traditional tale and what features to use at various plot points.

Sentence structure work—We will learn how to write sentences using subordinate conjunctions and revise the Year 2 grammar skills.

Texts

Little Red Reading Hood— Lucy Rowland

Mathematical understanding:

Multiplication and Division— We will focus on how to multiply and divide within our 2, 5 and 10 times tables.

We will learn to measure lengths and heights and familiarise ourselves with different units of measurement. We will then move into mass, capacity and temperature where we will learn to read different scales.

Scientific and technological understanding

- We will learn what bend, squash, twist and stretch means.
- We will learn what happens to certain materials when you bend, squash, twist and stretch them and we will compare the properties of materials to these actions.

Historical, Geographical and social understanding **Geography**

Hot and Cold deserts – What is Climate?

In this unit children will think and learn about geographical features of the climate, both human and physical. Children will learn about the environment; finding out where they are located in the UK. We will use maps, aerial photographs, beach webcams and develop their geography vocabulary.

Spring B Sycamore Class

RE:

Lent/Easter: Our theme will be Opportunities- We will look at how each day is an opportunity to do good. We will think about what this looks like and we will think about people around us who show good.

Eucharist: Our theme will be thanksgiving— We will learn that Catholics go to Mass to remember what Jesus did at the Last Supper and give thanks to God.

Understanding the arts:

Design and Technology—Mechanisms

We will plan and design to enable us to build a stable structure with a rotating wheel.

Understanding physical development, health and wellbeing:

P.E—With Premier Sports Education

Our Focus this term will be Netball.

PSHE/RSHE

- Our unit this term is, **Created to love others.**

We will learn how to treat others. We will also learn how to keep ourselves healthy.

Computing

Data and Information—Pictograms

This unit introduces us to the term 'data'. We will begin to understand what data means and how this can be collected in the form of a tally chart. We will learn the term 'attribute' and use this to help us organise data. We will then progress onto presenting data in the form of pictograms and finally block diagrams.

Music

Exploring feelings through music—we will explore how music makes us feel.
